What we do

✓ Fast Invoice Processing

✓ Multi-step approvals

✓ All-in-one solution

✓ Purchase Orders

✓ GRN

✓ Advanced Reporting

Zahara is a cloud-based all-in-one AP automation solution that allows businesses to gain **control** and **visibility** of what they are buying. They save time automating the slow processes used to get supplier invoices paid.

Easy to use and fast to deploy, it seamlessly integrates into current systems, with built-in OCR invoice recognition and customisable document management options. Approvals for both spend requests and vendor invoices can be created engaging the right people to take decisive action.

We are based in the beautiful Georgian city of Bath, in the UK with our development teams in Poland and India. We also have an office in Brisbane, Australia and Virginia, US.

Why introduce Zahara to your clients?

For them

Multi-step approval - custom, automated workflows saving time and mistakes

OCR - email in and scan invoices, auto match to POs, straight through processing

Mobile app - raise orders, approve and upload invoices on the go

Easy to use interface, simple, easy, slick, fast

Advanced reporting - maximum visibility and forecast of spend

"Zahara has become **crucial** in our processes, it's a secure option for us."

Tara Kelly
President and CEO

"Zahara has been a complete **revolution** for our clients."
